

SpaceH::Orbits::calcuEccentricity

```
graph LR; A[SpaceH::Orbits::calcuEccentricity] --> B[SpaceH::dot]
```

A diagram showing a call to the function SpaceH::Orbits::calcuEccentricity, which results in the execution of SpaceH::dot. The function call is in a grey box, and the resulting action is in a white box, connected by a blue arrow.

SpaceH::dot
